## EARLY MORNING NEWS.

**Cole Younger, who was notorious in Western Wyoming as an outlaw, was drowned Saturday while attempting to ford a river on horseback.** Ernest Williams, who has been a partner with Younger in several horse stealing scrapes, was the only witness of the affair, and told so many contradictory stories concerning it that he was arrested.

**Dispatches from Port La Tour and Port Joli, twenty-five miles east of Lockport, Nova Scotia, report quantities of wreckage, evidently from a steamer, coming ashore.** A number of cattle are also coming ashore. Nothing is known at Halifax relative to a wreck.

**General Manager G. M. Beach of the Bee Line Railroad, has resigned.** He will accept a similar position on the Chicago and Atlantic. Mr. Beach began work on the Bee Line as a common laborer the age of 21, and worked his way up until his appointment as general manager, four years ago.

**Two bodies of a man and a woman, supposed to be victims of the Johnstown flood, were found in the river at Anderson's Ferry, six miles below Cincinnati, Monday.** They were badly decomposed, and there was nothing by which they could be identified.

**William Atkinson, a wealthy and prominent citizen of Ironwood, Mich., committed suicide by jumping into the shaft of the Ashland mine.** His mangled body was found at the bottom of the 400 foot shaft. No cause is assigned. He leaves a wife.

**A Reading, Pa., law and order detective spotted an offending saloon-keeper from the heights of a neighboring pear tree.** He looked down in the rear window of the saloon and witnessed the illegal sale of drinks.

**Two steel blocks, one weighing 150,000 and the other 170,000 pounds, to form a part of the armament of an Italian ironclad, were recently shipped from the Gruson foundry at Magdeburg.**

**Lucian Freeman, with an axe, killed his mother, Mrs. Daniel Freeman, and also John Morgan, near Meriden, N.H., yesterday.** The murderer took to the woods, but has been captured.

**One of the "pure cases of consumption" sold in Philadelphia was analyzed the other day and found to consist of rum, molasses and extract of dandelion.**

**Mr. James W. Kerr, a leading physician of New York, Pa., died Monday.**

## Alexander Hamilton's Son.

A recently circulated item stated that "the trustees of Sacramento, Cal., have given a burial plot in the City Cemetery for the body of Colonel William S. Hamilton, son of Alexander Hamilton. The Colonel served in the Mexican war and was a California pioneer. General Schuyler Hamilton of New York will furnish a fine monument." Commenting on this, General Schuyler Hamilton says that Colonel William S. Hamilton did not serve in the Mexican war. He was distinguished in the Saco and Fox or Black Hawk war, particularly at the battle of the Bad Axe under General Atkinson. General Hamilton does not propose to furnish a fine monument.

**First, he could not afford to do so, second, he would not think of depriving his kinsfolk of the pleasure of contributing their share to a simple monument to mark the resting place of the ashes of a public-spirited and distinguished member of their family—a pioneer of the States of Wisconsin and California.**

**Judge Montgomery's Address.**  
 Hon. Zachariah Montgomery, formerly Assistant Attorney General, addressed a small audience last evening at St. Dominic's Hall on the school question. He said, in substance, that parents were bound by the law of nature to educate their own children, and if they did not do so, should be compelled by law to do it. It is a duty of the public to assist those who were unable to clothe, feed and educate their children, but no citizen should be taxed for the purpose of assisting children whose parents were in a position to do so. The State, however, should not have the right to force upon any child any particular teacher, book or system against the objections of the parents or guardians. The speaker said he would always fight for the truth contained in these principles.

**Effects of the Loss of Lumber.**  
 This "City of Homes" will be considerably affected in a building way next year. Not only the supply of lumber for this year but that for next year has been swept away from Williamsport, Lock Haven and other points by the recent floods, and, as a consequence, prices will be placed so high that builders will be forced to cease full operations and wait for lower prices. This will prove a severe blow to Philadelphia, whose building operations have been increasing with each year, giving employment to thousands of workmen. Many lumber dealers of this city are refusing orders for lumber and are holding out to see how far the prices will go up.—[Philadelphia Record.]

**To Be Taught Laundry Work.**  
 A joint committee of the London school board and the City and Guilds Institute has just completed arrangements for making an experiment in the way of teaching laundry work to girls in attendance at the board schools. The experiment is to be confined for the first twelve months to five centers. Premises near the schoolhouses have been provided at these centers, which are all in the poorer districts of the metropolis. A similar experiment has already been successfully tried at board schools in Liverpool.

**Parlor Cars to Staunton.**  
 Commencing June 12 and continuing until further notice, Pullman's Buffet Parlor Cars will run between Washington and Staunton on B. & O. train leaving Washington 10:30 a. m. daily except Sunday, arriving at Staunton at 6:17 p. m., and on B. & O. train leaving Staunton at 7:45 a. m. daily except Sunday, arriving at Washington at 3 p. m.

## The School Board.

At the School Board's meeting last night a communication from the Commissioners was read including a letter from James H. Smith, which said that appointments of teachers to colored schools had been illegally made. He said that the law required teachers should be appointed from among the graduates of the Normal School, and cited three instances in which this had not been done. Professor Gregory explained the matter, and the secretary was directed to write the Commissioners and give them all necessary information about the matter. Mr. Foster was given permission to hold a concert for the school sufferers in the Hamilton Road School and the board was invited to attend the industrial exhibition of the Seventh and Eighth grade schools, at the Metropolitan A. M. E. Church, on M street. It was ordered that all pupils recommended for promotion to the High School shall have certificates of graduation, and then the board adjourned.
